Grain Elevators • Restaurants • Warehouses • Food Processors • Manufacturers • Chain Stores • Farms • Meat Packers • Institutions • Ships • Homes • Orchards • All Others Needing Rodent Control.

DESCRIPTION AND FEATURES

SELF SETT MOUSE TRAP is built to last a life time; working every second of the day and night, year in and year out, to **SAVE YOU MONEY** and to **PROTECT the PUBLIC'S HEALTH.**

SELF SETT MOUSE TRAP is manufactured of the finest all weather steel materials, workmanship and *unconditionally guaranteed* for one year against all mechanical defects unless tampered with or abused.

NO POISONS—NO ELECTRICITY
 Trap Automatically Catches and Destroys Mice by Drowning

SELF SETT MOUSE TRAP insures complete destruction of mice, ticks, lice, fleas and all other vermin in a quick, sanitary, efficient manner.

SELF SETT MOUSE TRAP is neat in appearance, can be placed anywhere without attracting attention or causing embarrassment.

SELF SETT MOUSE TRAP is a sanitary, sealed, locked unit: two traps in one, but simple in construction. Trap can be disassembled in five seconds without *hands contacting any part of trap touched by mice.* Only three operations needed to set trap.

1. Light press on two small buttons.
2. Insert bait in food tray.
3. Place two and one-half quarts of water in chamber.

SELF SETT MOUSE TRAP will prevent **FILTH AND DISEASE, LAW SUITS, POSSIBLE FIRE LOSSES, AND OTHER COSTLY DAMAGE.**

BE PREPARED to face city, county, and federal inspectors who may inspect your place of business at any time without notice.
